Employees are the first line of defense against phishing attacks!

Be Aware

- Phishing emails often mimic trusted sources.
- Look for red flags like unusual requests or generic greetings.
- Verify the sender's email address for authenticity.

Act Quickly

- Report phishing emails to IT at phishing@openpharma.com.
- Avoid clicking on links or downloading attachments unless verified.
- Delete suspicious emails immediately to prevent accidental interaction.

Stay Protected

- Use strong passwords and enable multi-factor authentication.
- Complete your Phishing Awareness Training to stay updated.

Learn More

- Visit our Phishing Prevention info in User Charter for tips and tools.
- Access it via www.openpharma.com/User-Charter.
